

'Expedition Four to the International Space Station'

A brief discussion of the FAA Wings Program will be presented prior to the presentation by Captain Bursch. The presentation by Astronaut Daniel Bursch (Ret) will cover four missions into space aboard the Space Shuttle and life on the International Space Station performing various and scientific study of space, including space walks. Captain Bursch will also address safety procedures employed by NASA which should give all pilots strategies to prevent accidents in their flying activities.

NOTE: The presentation is free, however, there is a nominal museum fee, for details visit <http://www.aerospaceca.org>

Directions: From Sacramento area, go north on Watt Ave., west on Freedom Park Drive. From areas north of Sacramento, go south on Hwy. 70/99, east on Elkhorn, south on Watt, west on Freedom Park Drive.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
